

**TATA STEEL DOWNSTREAM
PRODUCTS LIMITED**

ENVIRONMENTAL POLICY

Tata Steel Downstream Products Limited shall remain committed to sustainable development through eco-friendliness of all its products, activities and services.

The organisation shall continually improve its environmental performance by:

- Adopting appropriate operational practices and suitable technologies to monitor, control and minimize the impact of its activities on the environment.
- Setting objectives and targets to reduce pollution and consumption of energy and natural resources, with a focus on conservation, recycling and reuse.
- Striving to exceed applicable legislative and regulatory requirements related to environment, beyond mere compliance.
- Enhancing awareness among employees and suppliers about the impact of their activities on the environment in which they operate and assisting them to improve thereon.
- The organisation shall ensure that this policy is communicated, understood and implemented at all levels and shall be made available to the public on demand.
