

WATER POLICY

TSPDL's Environmental Policy states that we shall remain committed to sustainable development. As an integral part of this philosophy, we are committed to efficient water management practices to conserve water.

Towards this, we shall:

- Reduce specific water consumption by engineering controls & ingenious ideas.
- Recycle & reuse the wastewater to ensure minimal discharge.
- Reduce generation of effluents & water pollution.
- Create awareness amongst employees.
- Provide clean & hygienic drinking water to all people working in our Plants & Offices.
